Print Anywhere

Mac Driver Printing

Print from your personal computer to any ASU Print Anywhere device

Step 1: Download the print driver package

- Visit **print.asu.edu/print-anywhere/laptop-printing**
- Download a driver based on your location
    - Tempe campus
    - Downtown Phoenix, Polytechnic and West campuses

Step 2: Install the print driver package

- Double click the downloaded driver
- Run the installer, click Continue, Continue and Install
- When the installation completes, click Close
- Two Print Anywhere printers have been installed on your computer

Step 3: Print using the Pharos pop-up

The Print Anywhere printers print with a pop-up window. Enter your ASURITE ID to connect your My ASU account. Ensure you are connected to ASU Wi-Fi when printing.
- Print to one of the ASU Print Anywhere printers
- Print black and white | Select ASU Print Anywhere BW
- Print color | Select ASU Print Anywhere Color
- A pop-up window appears
- Enter your ASURITE ID and press Print
- Swipe your ASU ID to receive your print job
